

# Core Features

The Core section provides information on navigating HS4, using the Setup and Tools sections, controlling Devices, creating Events, and using the Camera features.

## Devices

If you need more assistance on using Devices within HS4, take a look at these docs.

## Events

For assistance on using Events in HS4, check out these docs.

## Cameras

Docs on using the Live View and Recordings within HS4.

## Setup

Information on all of the various setup options and pages.

## Tools

See here for using the various Tools provided in HS4.

## Plugins

See here for docs on HS4 plugins; installing, updating, registering, and more.
